About me

Motivated high school student with a passion for math and technology. Strong leadership skills through active participation in extracurricular activities. As an effective communicator and team player, I am able to successfully collaborate with peers and contribute to group projects. Seeking to further develop my skills in a dynamic learning environment.

Skills

- Advanced level math skills (Precalculus Honors, AP Calculus AB and BC, AP Statistics)
- Intermediate coding skills (completed a python course on udemy and a javascript course in school)
- Google workspace and microsoft 365
- Captain of the Badminton varsity team
- Co-founder and VP of the guitar club in school

Education

Leland High School - Junior/Rising Senior
Graduation - 2026
